

# Matilda Cloud recognized as a Cool Vendor in Cloud Computing by Gartner

*Vendors named in the "Cool Vendor" report are innovative, impactful and intriguing*

RICHARDSON, TEXAS, USA, February 5, 2020 /EINPresswire.com/ -- [Matilda Cloud](#), an autonomous cloud-agnostic lifecycle management platform that provides an industry-leading product suite for organizations to drive their cloud transformation initiatives, has been named in Gartner's "Cool Vendors in Cloud Computing"<sup>1</sup> report.

Enterprise Autonomous Cloud Platform

Matilda Cloud features include fully automated discovery, migration, optimize and release orchestration for applications to the cloud. We use AI/ML to create uptime, efficiency, high availability and scalability for your applications in Azure cloud.

Gartner, the world's leading research and advisory company provides the following, "Gartner's definition of a Cool Vendor is a small company offering a technology or service that is: innovative — enables users to do things they couldn't do before, impactful — has or will have a business impact — not just technology for its own sake, and intriguing — has caught Gartner's interest during the past six months."<sup>2</sup>

According to the October 2019 Cool Vendors in Cloud Computing report, "organizations are transitioning mission-critical workloads to the public cloud, requiring new capabilities in cloud and related IT services, and CIOs are turning to TSPs. We profile four emerging vendors that offer solutions for efficient cloud operations and managed services."<sup>1</sup>

Matilda Cloud can enable rapid, simple adoption of cloud with minimal cost, providing an intelligent, unified infrastructure management suite for organizations of all sizes. It accelerates the cloud journey and allows to manage a complete cloud environment efficiently and effectively.

Mr. Suresh Cheruku, President & CEO of Matilda Cloud said, "As we continue to develop our platform and expand into new geographies, we are committed to maintaining the same level of quality service and innovation that our customers and industry leaders have come to expect. We believe our inclusion in this report is a great testament to our overall commitment to delivering innovative solutions to our customers."
