Flyers can be customized with Agent info, photos, and company colors. Wise Agent's flyer tool takes agents through a simple-to-use customization process in steps to create a modern, stylish Marketing Flyer.

“After focusing on AI and bots for the last few feature releases, our team saw a need to take a step back and focus on a basic function that real estate agents use every single time they get a listing. Now our members can create sleek property flyers through a more simplified creation process”, said Brandon Wise, CEO, and Founder of Wise

Agent.

Agents utilizing the CRM platform will be able to forego the cost of additional real estate flyer design tools since the cost of the flyer tool is included in the monthly subscription cost of the platform.
