

# Champion Financial Services a Premier Car Title Loan Lender Now Serving Arizona Residents in a Financial Bind

PHOENIX, ARIZONA, UNITED STATES, February 11, 2020 /EINPresswire.com/ -- Originally based in California, leading loan company Champion Financial Services recently expanded its funding range to the state of [Arizona](#), now available in every city. The expansion will allow residents all over Arizona to obtain fast and easy financial aid using their car titles as collateral.

Getting a car title loan is a quick and simple process with CFS Car Title Loans. To obtain one, residents of [Phoenix](#), [Tucson](#), or any other location in Arizona must own and possess the title to their vehicle (cars, trucks, SUVs, motorcycles and RVs are all acceptable). The amount of the loan will be determined by several factors, including but not solely based on the value of the vehicle. Borrowers can receive any amount starting from \$1,750 up to \$50,000.

CFS Car Title Loans offers clients a good deal of additional benefits. For starters, in Arizona, Champion Financial Services does not necessarily need to run a credit check on loan applicants. The requested minimum car value is \$2,600. Unlike other loan companies, with CFS there are no prepayment penalties in case clients wish to immediately pay back some amount of money. Once a loan gets approved, CFS can instant fund in less than 15 minutes. The company also offers remarkably low interest rates, because the purpose of financial aid is to take a weight off the clients' backs instead of worsen their financial situation. It's also possible to refinance existing title loans with a lower interest rate. Last, but not least, CFS offers free consultation prior to application for anyone interested.

Arizona residents in need of emergency cash need only to follow some simple steps. First, they will need to fill their online application form or call the company's number so a customer service agent can fill their application form for them. Next, applicants will be asked to provide a few documents, either in person, by fax email or text message. The required documents are a valid ID, proof of income (pay stubs, job letter, bank statements, unemployment or social security proof, among others), a pink slip or vehicle registration, proof of insurance and proof of residence (utility bill, junk mail). Once the client gets approved for a loan, they get the money that same day, some in minutes with instant fund!

Since 2010, Champion Financial Services has been successfully assisting new or existing clients from California to meet their financial needs. Aiming to reach out and help Arizona residents as well, CFS has expanded to this warm and vibrant state. The company is motivated by their mission: to get things done for the clients and provide outstanding customer service while staying true to the company's values. These values are discipline and execution; peace-of-mind sustainability; highest-quality products, services and collaborators; passion; and Japanese Kaizen

productivity philosophy of continuous improvement.
