

Espire Infolabs now a Sitecore Gold partner in Australia & New Zealand

SYDNEY, NSW, AUSTRALIA, February 13, 2020 /EINPresswire.com/ -- Global IT services & digital transformation firm Espire Infolabs today announced that it is now a Sitecore Gold partner in Australia & New Zealand (ANZ). With elevation of partnership status, Espire will have more avenues to diversify its capabilities in the region.

The move from Silver to Gold partnership comes after 5 + years of working in tandem with Sitecore to provide personalized experiences at scale in ANZ. The partnership had won accolades recently for drastically improving the website performance of Australian Catholic University (ACU) – a young and innovative Australian University with personalization and marketing automation. The results have been positive. Lead generation has increased by 99% and there is 207% more engagement around study at ACU content.

Apart from ACU, Espire's clientele in ANZ includes a multi-national property company, an automobile insurance company, a packaging major with headquarters in Melbourne and leading Superannuation companies, among others. In recent years, the partnership has been on a winning spree – it has not only secured lucrative clients but has continued its alliance with brands.

The move to Gold partnership is a sign that the Espire Sitecore partnership has matured to the next level. Now Espire is empowered to undertake complex solutions for customer experience management, "including providing complex digital marketing solutions and customer education." Speaking about the achievement, Gagan Oberoi, MD & CEO, Espire Infolabs said, "December was when all the work done with Sitecore during 2019 fructified into us becoming the coveted 'Gold partner' for Sitecore in Australia New Zealand (ANZ) region. We are proud of this achievement."

Today, apart from Australia and New Zealand, Espire has established its presence in UK, Canada, Ireland, Singapore, USA, India, etc. Considered as one of the leaders in the digital experience management space, it continues with the Silver partnership in these geographies.
