

# Kansas US Navy Veterans Lung Cancer Advocate Appeals to the Family of a Navy Veteran with Lung Cancer and Who Had Exposure to Asbestos to Call for Direct Access to the Lawyers at KVO-Get Compensated

TOPEKA, KANSAS, USA, March 26, 2020 /EINPresswire.com/ -- The Kansas US Navy Veterans Lung Cancer Advocate is appealing to the family of a Navy Veteran or person with lung cancer in Kansas to call them anytime at 800-714-0303 if their loved one also had significant exposure to asbestos. The person they are attempting to identify is over 60 years old and their asbestos exposure would have taken place decades ago. Financial compensation for a person like this could exceed a hundred thousand dollars. Even if the person smoked cigarettes, they could still get compensated. Most people like this do not realize is the \$30 billion dollar-asbestos trust funds were set up for them too.

*Kansas US Navy Veterans Lung Cancer Advocate*

If a Navy Veteran or person in Kansas had heavy exposure to asbestos while in the navy or at work and they now have lung cancer they or their family members are urged to call the Kansas US Navy Veterans Lung Cancer Advocate anytime at 800-714-0303 to get assistance creating the list. The 'list' is documentation of how, where and when a Navy Veteran or person with asbestos exposure lung cancer was exposed to asbestos. It is this vital information that

becomes the foundation for a compensation claim as the Advocate would like to explain at 800-

714-0303.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

<https://USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Kansas include Veterans of the US Navy, one of Kansas's dozen plus power plants, manufacturing workers, industrial workers, aerospace workers in Wichita, public utility workers, plumbers, electricians, welders, auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

[www.karstvanoiste.com/](http://www.karstvanoiste.com/)

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

<https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer in Kansas. [www.karstvanoiste.com/](http://www.karstvanoiste.com/)
