*Abacode, Inc., a Cybersecurity and Compliance services firm announced a satellite office in historic Ybor City, FL at The Undercroft.*

TAMPA, FL, UNITED STATES, February 18, 2020 /EINPresswire.com/ -- [Abacode, Inc.](#), a Cybersecurity and Compliance services firm based in Tampa, FL, announced today they have established a satellite office in historic Ybor City, FL on the heels of a \$4.85 million Series A investment. Abacode will join other industry leaders with offices at [The Undercroft](#). Through spaces like The Undercroft and its' associated guild, Abacode will be able to rapidly access talent and further enhance their technology-enabled services.

Abacode Joins The Undercroft Cybersecurity Guild

Chief Delivery Officer and Partner, Michael Brooks, commented: "As cyber-threats and compliance mandates increase, we are committed to growing our ecosystem of relationships and geographic locations in order to remain in front of the global threat landscape. Our partnership with the Undercroft and other centers of excellence throughout the United States creates a win-win for our clients, our community and our industry", said Mr. Brooks.

“

We are a member-driven organization on a mission to grow the cybersecurity sector leveraging our guild for the continuous development of cybersecurity professionals and organizations."

*Adam Sheffield, CEO of The Undercroft*

As the threat continues to grow, we find our communities and organizations in the crosshairs. Cyber-attacks occur every 30 seconds with over 4.3 billion internet users affected last year. This extreme threat has created a growing demand for new capability and talent. The cybersecurity talent gap will grow to an estimated 3.5 million unfilled jobs by 2021.

"This need is what drove us to start The Undercroft and pursue Ybor City as a cybersecurity hub. We are a member-driven cybersecurity guild that brings together companies like Abacode connecting talent and capability. We are on a mission to grow the cybersecurity sector leveraging our guild for the continuous development of cybersecurity professionals and organizations." said Adam Sheffield, CEO of The Undercroft.
