

Ann Deck Solutions LLC achieves carbon net neutrality through Net Zero Analysis Climate Change action program

Ann Deck Solutions seeks to help other companies learn what their carbon footprint is and how to implement cost-effective ways to reduce it.

BOSTON, MA, US, February 18, 2020 /EINPresswire.com/ -- Net Zero Analysis & Design Corp. is pleased to announce that Ann Deck Solutions, LLC (ADS) of Boston, MA has become an Entrex Carbon Market member and has pledged to offset the company's [carbon footprint](#). The company's goal is to maintain carbon neutrality through 2020 and beyond.

"Many businesses and governments are moving towards [smart resource use](#) for a new model of growth. My team has a huge interest in helping organizations learn what their carbon footprints are and implement a cost-effective way to meet their carbon-reduction obligations," said Ann Deck, Owner and Founder of ADS. "With solutions available through NZA and the Entrex Carbon Market, we can stop jeopardizing all life on this planet."

Ann Deck, CEO of Ann Deck Solutions

"Leveraging our qualifications as ISO14000 and 14001 – 2015 International Auditors, our expertise in carbon footprint calculation, we are working with ADS to guide them through gathering relevant data concerning their operations, and to determine both their immediate and future carbon-reduction goals," explained George Sullivan, CEO of Net Zero Analysis. "Applying our web-based Carbon Footprint Calculator to Ann Deck's energy-use data was our first step. We then developed a Carbon Replacement and Energy Efficiency Plan to tackle the companies concerns with future carbon mitigation. Ann's concern with how climate change action impacts the financial services sector ensures she will continue to lead in the marketplace."

“

My team has a huge interest in helping organizations learn what their carbon footprints are and implement a cost-effective way to meet their carbon-reduction obligations.”

Ann Deck, CEO of Ann Deck Solutions

Stephen Watkins, CEO of the Entrex Carbon Market added, "The combination of Net Zero's international carbon

footprint calculator, and the Entrex platform gives climate-concerned companies a user-friendly

way to navigate a [rigorous carbon-neutrality](#) verification process and to receive assigned and retired regulatory compliant carbon offset securities. Carbon offsetting is an important prong in an organization's climate action goals, whether that's to offset 10% or 100% of its carbon footprint. It's great to have Ann Deck Solutions on board as one of the Entrex Carbon Market Members."

About Ann Deck Solutions, LLC:

Ann Deck has over 20 years of experience as an Investor, Advisor for Sustainable Energy, and Merchant Processing industry. She has traveled the world educating business owners on their finances, credit card processing, and changing technology demands. Ann has built a vast network of relationships in businesses and organizations globally, which allows her to tap into those resources and pair up the right partners at the right time, problem solving from a unique perspective to create end-to-end complex solutions and connecting the right people and technologies to make it happen. www.anndecksolutions.com

About Net Zero Analysis:

Net Zero Analysis & Design Corporation was founded to offer pricing transparency in the marketplace, additional carbon-reduction financing, and to increase carbon offset project viability by connecting to newly accessible market mechanisms created by the Paris Accord, as well as to connect carbon offset product purchasers with the most appropriate sources for certified UNFCCC-compliant products. NZA's founders represent a wealth of experience in engineering, architecture, building science, energy efficiency, renewable energy, professional education, and real estate matters, as well as a solid grasp of market trends, UNFCCC methodologies, and changes in regulations. www.netzeroanalysis.com

About Entrex:

The Entrex Carbon Market, majority owned by Entrex's public holding company, was founded to offer corporate entities a place to buy, sell and retire Carbon Offsets across a regulatory-compliant trading platform. The Entrex Carbon Market's intellectual properties and blockchain-enabled technologies are licensed from the Entrex Holding Company, which has built and proven its IBM's Domino and Hyperledger technology platforms over 19 years. Entrex partners and licenses various niche-oriented alternative trading platforms, building global markets to trade niche private securities. www.entrexcarbonmarket.com
