

# Global Synthetic Dyes Market Outlook on Insights And Forecasts 2030

*The Business Research Company has provided a Latest Report "Synthetic Dyes Global Market Report 2020" wherein it gives Market Insights and Developments.*

LONDON, GREATER LONDON, UK, February 20, 2020 /EINPresswire.com/ -- The global synthetic dye market is expected to grow at a rate of about 13% and reach \$50.38 billion by 2023. The synthetic dyes market is expected to be driven by the rapidly growing packaging industry. However, the growing awareness about adverse health effects of certain synthetic dyes is pushing dye manufacturers to shift from chemical-based synthetic dyes to natural dyes, negatively impacting the market.

“

The global synthetic dye market was worth \$31.97 billion in 2019. It is expected to grow at a compound annual growth rate (CAGR) of 13% and reach \$50.38 billion by 2023.”

*Abdul Wasay*

The synthetic dyes market consists of sales of synthetic dyes and related services used in the field of textile, paint, and printing to provide long-lasting coloring benefit. Synthetic dyes are predominantly organic (carbon based)

chemical compounds that are generally derived from petrochemical derivatives. Dyes are applied in an aqueous solution and may require a mordant to make them fast on the fiber. Synthetic dyes are used to impart color to paper, textiles, leather and other materials. Eosin Y, fast green, basic fuchsin, aniline blue, methylene blue, and orange G are examples of synthetic dyes.

Trends In The Synthetic Dyes Market

A range of high wet-fast disperse dyes is trending the synthetic dyes market. High wet-fast disperse dyes are suited for coloring polyester fibers, microfibers, and polyester/elastane blends for sportswear and active wear applications.

Potential Opportunities In The Synthetic Dyes Market

With increase in demand of packaging requirements from various industries, the scope and potential for the global synthetic dyes market is expected to significantly rise in the forecast

period.

Major players in the market are BASF SE, Archroma, DyStar, Huntsman, Stahl, Kiri Industries, Clariant, Everlight Chemical, Synthesia, and Vedant.

Synthetic Dyes Global Market Report 2020 is one of a series of new reports from The Business Research Company that provides synthetic dyes market overviews, analyzes and forecasts synthetic dyes market size and growth for the global synthetic dyes market, synthetic dyes market share, synthetic dyes market players, synthetic dyes market size, synthetic dyes market segments and geographies, synthetic dyes market trends, synthetic dyes market drivers and synthetic dyes market restraints, synthetic dyes market's leading competitors' revenues, profiles and market shares. The synthetic dyes market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

#### Where To Learn More

Read Synthetic Dyes Global Market Report 2020 from The Business Research Company for information on the following:

Markets Covered: global synthetic dyes market

Data Segmentations: synthetic dyes market size, global and by country; historic and forecast size, and growth rates for the world, 7 regions and 12 countries

Synthetic Dyes Market Organizations Covered: BASF SE, Archroma, DyStar, Huntsman, Stahl, Kiri Industries, Clariant, Everlight Chemical, Synthesia, and Vedant

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Time Series: Five years historic (2015-19) and forecast (2019-23).

Other Information And Analyses: PESTEL analysis, synthetic dyes market customer information, synthetic dyes market product/service analysis – product examples, synthetic dyes market trends and opportunities, drivers and restraints, key mergers and acquisitions, key metrics covered: number of enterprises, number of employees, global synthetic dyes market in 2020 - countries offering most new opportunities

Sourcing and Referencing: Data and analysis throughout the report are sourced using end notes.

Strategies For Participants In The Synthetic Dyes Industry: The report explains a number of strategies for companies in the synthetic dyes market, based on industry trends and company analysis.

Opportunities For Companies In The Synthetic Dyes Sector: The report reveals where the [global synthetic dyes industry](#) will put on most \$ sales up to 2023.

Interested to know more about The Business Research Company?

The Business Research Company has published over 1000 industry reports, covering over 2500 market segments and 60 geographies. The reports draw on 150,000 datasets, extensive secondary research, and exclusive insights from interviews with industry leaders. Here is a list of reports from The Business Research Company similar to Synthetic Dyes Global Market Report 2020:

[Synthetic Dyes And Pigments Market](#) By Segments (Textiles, Leather, Paints And Coatings, Plastic And Cosmetics), By Type, By Key Players And By Geography – Global Forecast To 2022
