

Global Phosphate Fertilizers Market Worth \$ 65.69 billion in 2019

TheBusinessResearchCompany.com offers Phosphate Fertilizers Global Market Report 2020 from its research database.

LONDON, GREATER LONDON, UK, February 20, 2020 /EINPresswire.com/ -- The global phosphate fertilizers market is expected to grow at a rate of about 7% and reach \$84.04 billion by 2023. The increase in demand for food for the growing population will promote growth of the fertilizers market. However, the scarcity of phosphate rock is limiting the growth of phosphorus fertilizers.

“

The global phosphate fertilizers market was worth \$ 65.69 billion in 2019. It is expected to grow at a rate of about 7% and reach \$84.04 billion by 2023.”

Abdul Wasay

The phosphate fertilizers market consists of sales of phosphate fertilizers. Phosphate fertilizer manufacturers produce phosphatic fertilizer materials and other phosphatic materials and mix them into fertilizers. Ammonium phosphate, defluorinated phosphate, and di-

ammonium phosphate are examples of the phosphate fertilizer segment.

Trends In The Phosphate Fertilizers Market

There has been a rapid increase in production and exports of phosphates from China. In the past, there was limited supply of phosphate rock due to limited production capacity and monopolistic pricing in most countries, but over the past few years there has been a rapid increase in phosphate production in China. This is significant given that ten years ago, Chinese exports were close to zero.

Potential Opportunities In The Phosphate Fertilizers Market

With rapid increase in population growth and thereby increase in the need for crops, the scope and potential for the global phosphate fertilizers market is expected to significantly rise in the forecast period.

Major players in the market are Agrium Inc, Israel Chemicals Limited, CF Industries Holdings Inc., Coromandel International Ltd., Nutrien Ltd., PhosAgro, , Yara International ASA, EuroChem Group A, The Mosaic Company, and OCP S.A.

[Phosphate Fertilizers Global Market Report 2020](#) is one of a series of new reports from The Business Research Company that provides phosphate fertilizers market overviews, analyzes and forecasts phosphate fertilizers market size and growth for the global phosphate fertilizers market, phosphate fertilizers market share, phosphate fertilizers market players, phosphate fertilizers market size, phosphate fertilizers market segments and geographies, phosphate fertilizers market trends, phosphate fertilizers market drivers and phosphate fertilizers market restraints, phosphate fertilizers market's leading competitors' revenues, profiles and market shares. The phosphate fertilizers market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

Where To Learn More

Read Phosphate Fertilizers Global Market Report 2020 from The Business Research Company for information on the following:

Markets Covered: global phosphate fertilizers market

Data Segmentations: phosphate fertilizers market size, global and by country; historic and forecast size, and growth rates for the world, 7 regions and 12 countries

Phosphate Fertilizers Market Organizations Covered: Agrium Inc, Israel Chemicals Limited, CF Industries Holdings Inc., Coromandel International Ltd., Nutrien Ltd., PhosAgro, , Yara International ASA, EuroChem Group A, The Mosaic Company, and OCP S.A.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Time Series: Five years historic (2015-19) and forecast (2019-23).

Other Information And Analyses: PESTEL analysis, phosphate fertilizers market customer information, phosphate fertilizers market product/service analysis – product examples, phosphate fertilizers market trends and opportunities, drivers and restraints, key mergers and acquisitions, key metrics covered: number of enterprises, number of employees, global phosphate fertilizers market in 2020 - countries offering most new opportunities

Sourcing and Referencing: Data and analysis throughout the report are sourced using end notes.

Strategies For Participants In The Phosphate Fertilizers Industry: The report explains a number of strategies for companies in the phosphate fertilizers market, based on industry trends and company analysis.

Opportunities For Companies In The Phosphate Fertilizers Sector: The report reveals where the global phosphate fertilizers industry will put on most \$ sales up to 2023.
