

Foam Swab Manufacturer Super Brush Will Be Exhibiting at Pittcon 2020

Foam swab manufacturer, Super Brush, will be exhibiting their technologically advanced foam swabs at this year's Pittcon in booth #1646.

SPRINGFIELD, MASSACHUSETTS, US, February 24, 2020 /EINPresswire.com/ -- Super Brush LLC will be traveling to Chicago to exhibit at this year's Pittcon show.

Foam swab manufacturer, Super Brush, will be exhibiting their technologically advanced foam swabs at this year's Pittcon in booth #1646 at the McCormick Place Conference Center in Chicago, Illinois on March 3-5, 2020.

Pittcon is an annual conference and exposition on laboratory science featuring scientists from all around the world. With more than 2,000 technical sessions and a three-day exhibition, Pittcon makes it easy for visitors to connect to the latest research and developments from leading scientists.

Super Brush will be highlighting their lint-free foam applicators ideal for removing excess residue, powders, liquid, and debris from lab equipment, surfaces and tubing. Swabs are available with handles ranging from 7 cm to as long as 2.5 meters.

"Pittcon is a great opportunity for us to engage with many of our customers in the laboratory industries and collaboratively design solutions to meet their challenges", explains Johan Sunryd, Super Brush's Business Development Manager.

"Part of Super Brush's success over the last six decades has been our ability to engage with nascent technologies and developing custom tools for our customers. This year at Pittcon we are looking forward to seeing our current and prospective customers as well as all the new innovations presented at the show."

The Super Brush team will be available at booth #1646 to answer any questions about their products. You can also find more information on our complete line of USA-made Super Brush LLC lint-free foam swabs at www.superbrush.com or contact sales@superbrush.com.
