IversenAssociates  
Expanding into Asia and the  
USA"

*hans christian Iversen*

Iversen&Associates have in collaboration with our partners in Europe been operating in the leadership mentoring space both for individuals and teams in the past 5 years with great success. We have worked with many multinational clients such as PWC, Novo, Telefonica, DSV, IP Group, Deloitte and with a number of middle sized groups in Europe and Scandinavia

The expansion into Asia and the US has happened on the back of our work in Europe and the fact that some of our associates are now concentrating on the Asian market and in particular, education, pharmaceuticals and financial services.

We have now established a network of collaboration partners and associates in Bangkok and Singapore, as we have done in Europe in the past with partners such as Strengths-Unleashed Ltd.

We are very hopeful for expansion across Asia and the Pacific.
