

# Regulatory outlook for the injectable drug delivery space

*Smi Reports: A Regulatory outlook of the Drug/Device Combinations (DDC) product space*

LONDON, KENSINGTON, UNITED KINGDOM, February 25, 2020 /EINPresswire.com/ -- Injectable [Drug Delivery](#) Conference has brought in a high level of engagement and positive responses, springing off SMi's successful Pre-Filled Syringes Portfolio and developing on last year's success, this event assembles an international audience to include regulatory, device design, packaging and formulation professionals.

Key session on 'A Regulatory outlook of the Drug/Device Combinations (DDC) product space'

Discussion on:

- An overview on the MHRA guidelines for Drug Device Combination products
- An update on the EU MDR and guidance for industry
- A future regulatory outlook for the injectable drug delivery space

Presentation by Stefania Ragone, Pharmaceutical Assessor, Medicines & Healthcare products Regulatory Agency (MHRA)

Snapshot of attendee job titles at last year's Injectable Drug Delivery, below is a list of a few job titles who attended:

Senior Vice President Global Steriles | Director, Pre-fillable Syringe Platform | Head of Formulation Development | Senior Manager Technology and Innovation, Drug Delivery & Devices | Principal Pharmaceutical Officer Medical Drug Devices | Scientist | and many more.
