Kitchen Magic was the recipient of two 2020 Contractor of the Year awards that were presented at the NARI award ceremony on January 24th in Pine Brook, NJ.

NAZARETH, PA, UNITED STATES, February 25, 2020 /EINPresswire.com/ -- Kitchen Magic was the recipient of two 2020 Contractor of the Year (CoTY) awards that were presented at the NARI award ceremony on January 24th in Pine Brook, NJ. The National Association of Remodeling (NARI) recognizes members who have demonstrated their outstanding ability to deliver exceptional renovation results through a multitude of criteria. Each project is reviewed and judged based on customer objective, the scope of the project, sustainability, unusual constraints, and creative solutions. These stringent measures ensure only high-quality projects are awarded.

This is the seventh time Kitchen Magic has been honored with the CoTY distinction. The judging panel is comprised of a committee of remodeling experts and industry professionals from within each chapter's region. The panel included New Jersey NARI President, David Caputo, CR, CKBR, and Executive Director, Renee Rewiski. Kitchen Magic took home the CoTY accolades for Kitchen Remodel Under \$30,000 and Kitchen Remodel \$30,000-\$60,000 in New Jersey.

Commenting on the awards, Brett Bacho, Kitchen Magic President stated, "Kitchen Magic takes great pride in remodeling excellence, and our entire company is honored to have received these distinguished awards." Bacho added, "The award recognizes remodelers for multiple aspects of a project: design, quality products, innovation and exceeding the customer's expectations, all of which are a direct reflection of our work."

NARI is a not-for-profit trade association committed to promoting the interests of its members within the remodeling industry, and to protecting the rights of its customers, the nation's homeowners. The only national association dedicated solely to the remodeling industry, NARI acts as an industry spokes group. The NARI sponsored CoTY awards, remain a key part of the organization portfolio of services, for their members to continue to build the best for their clients. Their services maintain member standards through accreditations, education and business tools that are vital in this ever-evolving space.

Because the nation's home remodeling market is projected to increase to \$500 billion by 2026 from \$394 billion in 2018, the industry will need more remodelers, adept to carry out this influx of work, according to <https://www.globenewswire.com>. Organizations like NARI ensure higher quality firms and contractors that are suited to carry out this home-renovation project demand.
