

WebNIC Launches Office 365 to Complement Its Line of Web Services Reseller Solution

WebNIC aims to bring stronger business growth to its partners by launching new Office 365 reseller service.

SINGAPORE, February 27, 2020 /EINPresswire.com/ -- [WebNIC](#), a domain registrar in the Southeast Asia (SEA) region with an extensive experience of 20 years in the domain names industry, has just launched [Office 365](#) recently. It is the latest addition to its comprehensive range of reseller services, including domains wholesale, SSL certificates wholesale and web security solution. The newly-launched Office 365 reseller solution will encourage businesses in the SEA region to adopt a modern workplace, where real time work communication and collaboration are essential for employees' productivity and efficiency.

WebNIC believes in accelerating partners' growth and is committed to assist them to earn more profits through reselling web service and security solutions. It sees a huge potential in an emerging market, where more businesses are looking to adopt a modern workplace solution. WebNIC sees this as a good opportunity to provide a modern workplace solution that partners can resell and take advantage of it to earn more profits and grow their business.

Office 365 consists of a suite of Microsoft applications which helps to simplify and improve workflow for everyone in the workplace. WebNIC believes in a future where the workplace is highly automated with the help of technology, where it is extremely efficient to create, communicate, collaborate, and get great work done. Individuals can carry out their respective tasks efficiently, while communicating and collaborating in the most effective method. Office 365 consists of essential tools to improve every aspect of a workplace, such as teamwork and communication, email and calendaring, file storage and sharing, security and compliance, support and deployment and tools to build and manage a business efficiently.

"With the launch of Office 365, we hope to create a modern workplace solution reselling opportunity for our partners to profit from, and helping them to keep up with the trend where businesses are gradually transforming into a modern workplace," stated TK Tan, CEO of WebNIC. He also added, "WebNIC believes that Office 365, a product of Microsoft, will play an essential role in a modern workplace, due to its significance in the workplace."
