## CAR WRECK LAWYERS IN HARLINGEN, TX HELP LOCALS 'CAUGHT IN THE MIDDLE'

Here is the background for this release. A highway between two busy airports around Harlingen, Texas, could be 'ground zero' for car accidents. A blend of cars, buses, motorcycles, and trucks driven by local and out-of-towners can be a recipe for disaster. A local with a daily commute on highway 69E could get caught between a distracted driver and a large truck. Reaching a team of car wreck lawyers familiar with the scenario could be helpful.

The Valley International Airport is considered the Rio Grande Valley's leading airport for passenger activity. Several miles down the 69E, another smaller airport resides in Brownsville. The combination of airport traffic and daily commutes could put a Harlingen local right in the center of a car accident.

For these reasons, the Villarreal Law Firm has announced a new post for the Harlingen, Texas

community.
