The Every Girl Wins Institute was created based on the life skills and observations of women of the world from the founder. What she has experienced is the beliefs of women are holding them back from creating the life they deserve. Over and over again, she would hear women talk about not being confident enough or worthy enough because of certain circumstances that have happened in their lives.

The founder herself had also experienced the same things in her own life from childhood poverty, being a child bride with three children by the time she was eighteen. Having been abused physically, mentally, emotionally, and sexually, she understands suffering and feeling unworthy. She never let that stop her from winning and creating the life she deserved.

Dr. Christine Kozachuk is a World Civility Ambassador, International Speaker, International Award Recipient, Entrepreneur and Author. Dr. Kozachuk owns multiple successful businesses including RC Mobile Truck Repair Services for more than twenty-four years, Every Girl Wins Institute that helps women rewrite the definition of their lives and Co-Host of The Real Business Women Of Charlotte.
