

Polyetheretherketone (PEEK) Powder Market In-Depth Analysis By Size, Share, Trend and Top Players 2019-2027

Polyetheretherketone (PEEK) Powder business scenario presented through self-explanatory charts, tables, and graphics images add greater value to the study.

NEW YORK CITY, NEW YORK, UNITED STATES, March 12, 2020 /EINPresswire.com/ -- The Polyetheretherketone (PEEK) Powder Market report offers broad research of the business models with the key approach of the market shares of some of the prominent participants in this landscape. Along with an in-depth report on the key factors, statistics in terms of revenues, segment-wise data, region-wise, and country-wise are offered in the full study. This report is one of the most comprehensive documentation that captures all the facets of the evolving Polyetheretherketone (PEEK) powder market.

Polyetheretherketone (PEEK) Powder Market: Introduction

Polyether ether ketone is a semi-crystalline high-temperature thermoplastic that offers a unique combination of exceptional performance characteristics. It has excellent long term chemical resistance and also offers thermal and mechanical properties. PEEK is used to make some interior and exterior components for the Aerospace and Automotive industry. The key factor of PEEK is that it is lightweight and has high dimensional stability with also high chemical resistance. In the Aerospace industry, the important materials that are used are made from PEEK powder, and hence the market is in high demand for that industry. Based on the region segment, the market is analyzed across Asia-Pacific, North-America, Europe, Latin America, and Middle-East and Africa.

Polyetheretherketone (PEEK) Powder Market: Dynamics

Due to the properties of PEEK powder, it is replacing traditional materials, such as steel, aluminum, and wood, among others, because of its high tensile property. Instead of other traditional materials, they have higher chemical and impact resistance, as well as higher

strength-to-weight ratios. They also offer greater design flexibility. Thus the market for high-performance powder is expected to increase and grow at a robust pace during the forecast period. PEEK powder is expected to have many applications from aerospace, automotive, medical, and electronics industries, which will further enhance the growth of PEEK globally. Based on the process type, electrostatic spraying holds the biggest share due to the eco-friendly coating process used for spraying metal surfaces without having high temperatures or emitting any harmful chemicals. Based on the application, the market is sub-segmented into Electronics, medical, aerospace, aviation, food industry, and automotive. Based on the region, the market has seen rapid growth in the Asia-Pacific region, followed by North-America.

Polyetheretherketone (PEEK) Powder: Regional Outlook

From the geographical view, the Asia-Pacific region remains the key consumer and producer of the Polyetheretherketone (PEEK) powder industry. The Asia-Pacific region is estimated to dominate across the globe and register robust growth in the coming years. With the growing need for clean technology and environment, accompanied by the growing use in the Aerospace and Automotive industry, there is a high increase in demand in the developing countries. Furthermore, North-America, followed by Europe, is projected to witness steady growth in the global Polyetheretherketone (PEEK) powder market in the upcoming years. Owing to the growing consumer proclivity and urbanization in the developing countries. The Asia Pacific, followed by MEA, is expected to register healthy growth in the steel industry in the coming years. Owing to the growing need for industrialization and the rising population is also expected to contribute to the market growth.

Polyetheretherketone (PEEK) Powder: Competitive Landscape

Polyetheretherketone (PEEK) powder market is evolving as the scope of applications is increasing over the years. The market is consolidated in nature, with the shares distributed among the key players. The companies offer products for specific applications. With the rise in demand, the new product development, merger & acquisitions, and investment & expansion strategies are estimated to offer growth potentials in the global Polyetheretherketone (PEEK) powder market during the forecast period.

Polyetheretherketone (PEEK) powder: Segmentation

By Process Type (Revenue, USD Million; Volume in Tons, 2017–2027)

- Electrostatic Spraying
- Dispersion Coating
- Flame Spraying

By End-User Type (Revenue, USD Million; Volume in Tons, 2017–2027)

- Electronics
- Industrial
- Aerospace
- Automotive
- Aviation
- Food Industry
- Pharmaceutical

By Region (Revenue, USD Million; Volume in Tons, 2017–2027)

- North-America
 - oU.S
 - oCanada
 - oMexico
- Asia-Pacific
 - oChina
 - oIndia
 - oJapan
 - oAustralia
 - oRest of APAC
- Europe
 - oGermany
 - oU.K
 - oFrance
 - oItaly
 - oSpain
 - oRussia
 - oRest of Europe
- Middle-East and Africa
 - oU.A.E
 - oSaudi Arabia
 - oSouth Africa
 - oRest of MEA
- Latin America
 - oBrazil
 - oRest of LATAM

Polyetheretherketone (PEEK) powder Market: Key Participants

- Victrex plc
- Solvay S.A.
- Evonik Industries AG
- Banjin Zhongrun High Performance Polymers Co. Ltd.
- Celanese Corporation
- SABIC
- Westkeep
- DARTER plastics
- K Overseas
- Prototype & Plastic Mold Co. Inc

Key questions answered in Polyetheretherketone (PEEK) powder market report:

- How has the Polyetheretherketone (PEEK) powder market evolved over the past three years?
- What size is the Polyetheretherketone (PEEK) powder market expected to take in terms of volume (Tons) and value (USD Million) during the study period?
- What are some of the technological developments and new opportunities in the Polyetheretherketone (PEEK) powder market?
- What are the market dynamics in the Polyetheretherketone (PEEK) powder market?
- What are the underlying industry factors impacting the growth of the Polyetheretherketone (PEEK) powder market?
- What are the market positioning and strategies of key manufacturers concerning Polyetheretherketone (PEEK) powder market taxonomy?
- What are the key challenges, improvement factors, and opportunities for Polyetheretherketone (PEEK) powder market players?
- How is the competition structured in the Polyetheretherketone (PEEK) powder market at present, and how will it take shape over the next few years?
