

Swift Blade 2020 to be discussed the Helicopter Technology Central and Eastern Europe Conference

Smi Reports: Top speakers to present on training and interoperability at Helicopter Technology Central and Eastern Europe, in Budapest.

BUDAPEST, HUNGARY, March 16, 2020 /EINPresswire.com/ -- In recent news, the European Defence agency will be running [Swift Blade 2020](#), "the largest rotary wing exercise in Europe, with participation of helicopter teams and observes from Austria, Belgium, Germany, Hungary, Italy, the Netherlands and Slovenia. The goal of this exercise is to enhance interoperability at the tactical level between helicopter units by using them in a combined joint, realistic and challenging environment." *(Source: Afterburner)

With that in mind, SMi Group's Helicopter Technology CEE conference will reconvene on the 20th and 21st May in Budapest, Hungary for its 6th year running.

Being the only rotary conference with a regional focus on Central and Eastern Europe, delegates will be given the opportunity to hear detailed updates from many of the countries taking part in Swift Blade 2020, on all areas of helicopter developments. Areas to be covered include training, helicopter programme advancements, procurement plans, and international rotary collaboration. Moreover, attendees will have the opportunity to network and hear from thought leaders from industry as they showcase their latest technologies in our designated exhibition area.

The final early bird discount of £100 will expire on 31st March. Register at <http://www.futurehelicopter.co.uk/einPR4>

The two-day event will feature high-level regional experts, coming together to discuss developments in helicopter technology, as well as seeking strategic insights into cooperation and interoperability.

This year's conference will involve high-level industry experts to meet and discuss International Rotary Updates and Key Operational Capabilities. Key speakers covering training and

The poster features a dark blue background with a photograph of two helicopters in flight over a hilly landscape. The text is prominently displayed in white and light blue. At the top right, there is a small 'SMI' logo. The main title 'HELICOPTER TECHNOLOGY' is in large white letters, with 'CENTRAL AND EASTERN EUROPE' in smaller light blue letters below it. At the bottom, the dates '20 - 21 May 2020 | Budapest, Hungary' and the website 'www.futurehelicopter.co.uk' are listed in white. Below the poster, the text 'Helis CEE 2020' is written.
