

Global 3D Printing (Additive Manufacturing) Market 2020 Key Players, Share, Trend, Segmentation and Forecast to 2026

New Study Reports "3D Printing (Additive Manufacturing) Market 2020 Global Market Opportunities, Challenges, Strategies and Forecasts 2026" has been Added.

PUNE, MAHARASHTRA, INDIA, March 16, 2020 /EINPresswire.com/ -- 3D Printing (Additive Manufacturing) Market 2020-2026

New Study Reports "3D Printing (Additive Manufacturing) Market 2020 Global Market Opportunities, Challenges, Strategies and Forecasts 2026" has been Added on WiseGuyReports.

Introduction/Report Summary:

This report provides in depth study of ["3D Printing \(Additive Manufacturing\) Market"](#) using SWOT analysis i.e. Strength, Weakness, Opportunities and Threat to the organization. The 3D Printing (Additive Manufacturing) Market report also provides an in-depth survey of key players in the market which is based on the various objectives of an organization such as profiling, the product outline, the quantity of production, required raw material, and the financial health of the organization.

3D printing, also known as additive manufacturing, is a process used to build three-dimensional objects by stacking successive layers of raw materials until the object takes the desired form. The deposition of layers is governed by computer-aided software which houses a virtual 3D blueprint as well as technical specifications needed for fabrications, including measurements (length, width and height) of each layer. As per the specifications, CAD slices the virtual model into layers and sends a string of code to the 3D printer on how to stack the layers of raw material. A layer can be as thick as one-thousandth of an inch; thus, 3D printing is usually considered to be an extremely high-precision manufacturing procedure. 3D printing is predominantly used for producing functional parts and models/prototypes for various applications within industrial, healthcare, government, defense and consumer end markets.

Key Players

The report has profiled some of the Important players prevalent in the global like – Stratasys, 3D Systems, Arcam Group, Renishaw, ExOne, Optomec, SLM Solutions, EnvisionTEC, VoxelJet AG, Sciaky Inc, EOS e-Manufacturing Solutions, and more.

This report covers the sales volume, price, revenue, gross margin, manufacturers, suppliers,

distributors, intermediaries, customers, historical growth and future perspectives in the 3D Printing (Additive Manufacturing).

Market Segmentation based On Type, Application and Region:

The global 3D Printing (Additive Manufacturing) is analyzed for different segments to arrive at an insightful analysis. Such segmentation has been done based on type, application, and region.

Based on type, the global 3D Printing (Additive Manufacturing) Market is segmented into Plastics Material, Ceramics Material, Metals Material and other

Based on application, the 3D Printing (Additive Manufacturing) Market is segmented into Consumer Products, Automotive, Medical and Dental, Aerospace & Defense, and Others.

Based on Detailed Regional Analysis, the regional segmentation has been carried out for regions of U.S., Canada, Germany, France, U.K., Italy, Russia, China, Japan, South Korea, Taiwan, Southeast Asia, Mexico, and Brazil, etc. Key regions covered in the report are North America, Europe, Asia-Pacific and Latin America. The report on WGR includes an in-depth study of the 3D Printing (Additive Manufacturing) in each regional segment mentioned above.

Key Stakeholders

3D Printing (Additive Manufacturing) Market Manufacturers
3D Printing (Additive Manufacturing) Market Distributors/Traders/Wholesalers
3D Printing (Additive Manufacturing) Market Subcomponent Manufacturers
Industry Association
Downstream Vendors

If you have any special requirements, please let us know and we will offer you the report as you want.

Major Key Points from Table of Content:

1 Report Overview

2 Executive Summary

2.1 3D Printing (Additive Manufacturing) Market Perspective (2015-2026)

2.2 3D Printing (Additive Manufacturing) Growth Trends by Regions

2.2.1 3D Printing (Additive Manufacturing) Market Size by Regions: 2015 VS 2020 VS 2026

2.2.2 3D Printing (Additive Manufacturing) Historic Market Share by Regions (2018-2019)

2.3 Industry Trends and Growth Strategy

2.3.1 Market Top Trends

2.3.2 Market Drivers

3 Competition Landscape by Key Players

.....

10 Key Players Profiles

10.1 Stratasys

- 10.1.1 Stratasys Company Details
- 10.1.2 Stratasys Business Overview and Its Total Revenue
- 10.1.3 Stratasys 3D Printing (Additive Manufacturing) Introduction
- 10.1.4 Stratasys Revenue in 3D Printing (Additive Manufacturing) Business (2019-2020))
- 10.1.5 Stratasys Recent Development
- 10.2 3D Systems
- 10.2.1 3D Systems Company Details
- 10.2.2 3D Systems Business Overview and Its Total Revenue
- 10.2.3 3D Systems 3D Printing (Additive Manufacturing) Introduction
- 10.2.4 3D Systems Revenue in 3D Printing (Additive Manufacturing) Business (2019-2020))
- 10.2.5 3D Systems Recent Development
- 10.3 Arcam Group
- 10.3.1 Arcam Group Company Details
- 10.3.2 Arcam Group Business Overview and Its Total Revenue
- 10.3.3 Arcam Group 3D Printing (Additive Manufacturing) Introduction
- 10.3.4 Arcam Group Revenue in 3D Printing (Additive Manufacturing) Business (2019-2020))
- 10.3.5 Arcam Group Recent Development
- 10.4 Renishaw
- 10.4.1 Renishaw Company Details
- 10.4.2 Renishaw Business Overview and Its Total Revenue
- 10.4.3 Renishaw 3D Printing (Additive Manufacturing) Introduction
- 10.4.4 Renishaw Revenue in 3D Printing (Additive Manufacturing) Business (2019-2020))
- 10.4.5 Renishaw Recent Development

and more
