

Los Angeles's Your Home Sold Guaranteed Realty Celebrate Raising Over \$17,550 for The Children's Hospital in February

LOS ANGELES, CALIFORNIA, UNITED STATES, March 17, 2020 /EINPresswire.com/ -- [Your Home Sold Guaranteed Realty](#) has set the bar high in Los Angeles when it comes to dedicating themselves to giving back to the community. Ever highly-charged and motivated 2020 has seen the office, inspired by founder [Rudy Lira Kusuma](#) challenge, to complete a mission to raise \$100,000 for the Children's Hospital. This means that for every house Your Home Sold Guaranteed Realty sold this year, the company will be donating a portion of its income to the Children's Hospital in Los Angeles. In exciting news, February 2020 was a huge success with over \$17,500 raised for acclaimed hospital and it's young patients.

"February is the 'Month of Love' so it is wonderful we were able to show our love for the work of the Children's Hospital Los Angeles by being able to donate such a large amount," commented Rudy with a big smile. "At this pace we will go far beyond our target of raising \$100,000 in 2020 for the hospital. Our whole team is energized knowing our sales don't just help ourselves, our office, and our clients but also children in difficult circumstances, right here in our own community."

Rudy continued, "[Children's Hospital of Los Angeles](#) does great work in helping kids fight through and survive nasty life-threatening diseases like cancer, Non-Hodgkin's lymphoma, leukemia, and many others. They also lead the way in helping kids come back from spinal cord injuries as well as early diagnosis of autism. Last year alone Children's helped over 1,000,000 kids right here in Los Angeles. BUT Children's relies on Sponsorships and Donations to provide their elite level care and keep families expenses to a minimum. So, client referrals this year actually help make sure this good work is completed. We're hoping many will ask themselves 'who do I know considering buying or selling a home' and then refer them to my real estate sales team. Not only will they benefit from our award winning service, but we donate a substantial portion of our income on every home sale to the Children's Hospital in Los Angeles. A total win-win."

"There's a level of care at CHLA that I haven't seen anywhere else. It's not just the medical aspect of the care. It's the humanity that makes CHLA special."
— Anna Linsky, patient parent

Letter From a Grateful Patient Family

At Children's Hospital Los Angeles, we believe we do our best together. Physicians, scientists, nurses, clinical care staff, families and philanthropists all come together to support the best outcomes for children battling disease or recovering from injury. Below, a patient's father shares his sincere gratitude for the exceptional community of caretakers and supporters who make CHLA so special.

God bless CHLA. I have been hanging out in the hospital for a few weeks now. It is hard to convey how very lucky we all are to have this institution. If you're never sick or have yet to have a loved one fall ill, then there is really no way to comprehend how great these facilities are. But one day, you will understand. When that day comes, you will marvel at how the building housing your loved one, or you, is stocked with amazing people like the doctors who specialize in rare conditions. And the nurses, who work all these fancy machines, are like angels who hover around you making sure your medications are administered perfectly. These hospitals function 24/7 and they do one thing very well: They heal us if it's humanly possible to do so. I walk the halls in awe. I look at the names of the people who helped fund the place and I say a silent prayer of thanks to them. Thank you for all you do.

—Yshmael Marin Garcia III, father of Isabella Garcia
