

Crean Announces COVID-19 Task Force to Support Critical Manufacturing Pivot

CREAN assisting manufacturers across the U.S. industrial base in accelerating & expanding their production of supplies needed to address the COVID-19 pandemic.

AUSTIN, TX, USA, March 27, 2020 /EINPresswire.com/ -- CREAN, an Austin-based manufacturing efficiency organization, has formed a COVID-19 Task Force, using their engineering skill-set to accelerate the delivery of needed supplies to fight the COVID-19 pandemic. The CREAN Task Force will assist manufacturers across the U.S. industrial base in accelerating and expanding their response to produce the supplies needed to address the COVID-19 pandemic.

“

Our experts are hands-on, helping U.S. companies to improve productivity and accelerate deliveries of critically needed medical supplies and equipment.”

James Crean

“We are pivoting all available engineering and manufacturing specialists toward helping companies produce necessary products faster in response to this

crisis,” said James Crean, President of CREAN, Inc. “An extension of the services we regularly provide, our experts are hands-on, helping U.S. companies to improve productivity and accelerate deliveries of critically needed medical supplies and equipment.”

For more information or to refer a manufacturer for help with production transformation please contact the CREAN COVID-19 Task Force at: *TaskForce@CreanInc.com* or call 512-337-6587
