Goldstein Research report forecast that Global Fleet Management Software Market is expected to grow at a CAGR of 16.2% through 2025 to reach USD 24.6 billion by 2025

According to the Goldstein Research report "Global Fleet Management Software Market Outlook 2025", the Global Fleet Management Software Market is estimated to reach USD 24.6 billion by 2025, Growing at a CAGR of 16.2% through 2025.

In 2017, Fleet Management Software is dominated by the seating furniture segment, accounted for nearly XX% of the total Asia-Pacific & Africa point of care testing (POCT) devices market and remaining XX% went for different end-use segments such as homecare settings. The main reason for this despaired share is due to the rising demand for point of care testing devices in Fleet Management Software on the back of their advantages such as faster and precise results
