

# Empyrion Wealth Management Named a Top Firm to Watch in 2020 - People before profit, service above self.

*"We applaud these firms for their commitment to fiduciary advice and putting the interests of their clients first," Investor.com writes.*

SACRAMENTO AREA, CALIFORNIA, UNITED STATES, March 30, 2020 /EINPresswire.com/ -- The 94 firms chosen by Investor.com were selected for "doing business the right way."

Empyrion Wealth Management is excited to announce that it is among Investor.com's 2020 Firms to Watch List. "We applaud these firms for their commitment to fiduciary advice and putting the interests of their clients first, and we're excited to see how they grow and shape the industry in 2020," Investor.com writes on their website.

Kimberly Foss, CFP®, CPWA®, CFT-I™ Candidate

The 94 financial advisory firms, including Empyrion Wealth Management, were selected using Investor.com's rigorous Trust algorithm, which sorts through 23 million data points from the United States Securities and Exchange Commission (SEC), Financial Industry Regulatory Authority (FINRA), and manual compilations regularly.

“

Empyrion has always served clients with the guiding mantra: People before profit, service above self. We're honored to be recognized by Investor.com for the fiduciary financial advice we provide.”

The 2020 Firms to Watch were chosen for their fiduciary status, secure website, fee-only model, not having common conflicts of interest, not having 12b-1 conflicts, and wrapping up 2019 with clean disciplinary records. The list was not based on how many years these advisory firms have been registered or their total assets under management (AUM); it was based on the fact that they are

doing business the right way.

Led by President and Founder Kimberly Foss, CFP®, CPWA®, CFT-I™ Candidate, Empyrion Wealth Management proudly provides sophisticated wealth management and financial planning solutions to women in transition, thriving retirees, and family stewards.

“Since I founded Empyrion Wealth Management, we have always served clients with the guiding mantra: ‘People before profit, service above self.’ It is an honor to be recognized by Investor.com for the unbiased, fiduciary financial advice we are proud to provide our clients every day,” says

Foss. Launched in 2018, Investor.com is a consumer advocacy project whose mission is to promote fiduciary advice and help Americans find a financial advisor they can trust.
