

Pyramid Consulting, Inc. Response to Corona Virus (COVID-19)

ATLANTA, GEORGIA, USA, April 7, 2020

[/EINPresswire.com/](https://www.einpresswire.com/) -- [Pyramid Consulting, Inc.](https://www.pyramidconsulting.com/), a leading global

provider of contingent workforce staffing and technology solutions is carefully monitoring the spread of the Corona Virus (COVID-19). Since the middle of March, we have been

reviewing and implementing protocols and Business Continuity programs inline with guidance from the government entities in the US and India, the Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO).

As an organization, we are committed to the success of our customers, the health and safety of our employees, consultants, and communities we serve. Pyramid continues to take decisive action to support the global effort to slow the spread of the Coronavirus (COVID-19). Since March, we have implemented the following policies:

- All employees globally are working from home.
- We have discontinued both domestic and international travel.
- We have restricted travel for in-person meetings, and have embraced teleconferencing and remote communication tools for online meetings.
- We have introduced new guidelines for our teams on all the safety and health-related precautions for themselves, clients, and visitors.
- We will monitor the situation daily and evaluate any change to our Business Continuity and contingency plans.

Pyramid Consulting has enabled our teams to successfully support our clients during this serious situation. Our methodology and approach to working remotely will continue to deliver high-value staff and services to our clients. We have the experience and ability to serve you during this period of global impact.

As the situation surrounding the COVID-19 virus changes in each country, we will continue to follow the guidance of the local country government for guidance and advice. We will review this situation on a regular basis to stay in close alignment with government guidelines. We fully expect that changes in these government guidelines will cause a change to these policies.

We thank you for your understanding, cooperation, and commitment in these challenging times, which we need to face together.
