Property insurance is a series of policies that provide either liability coverage or property protection coverage. Property

insurance offers financial reimbursement to the owner or renter of a structure and its contents in case there is damage or theft, and to a person other than the owner or renter if that person is injured on the property. Rapid economic developments, globalization, and digitalization in developing economies have led to significant growth of the global property insurance market in the forecast period.

Highlights of Influencing Trends: Growing Adoption of Cloud-based Technologies

Market Growth Drivers: Rising Personal Property Threats Globally
Increasing Stringency of Government Regulations

Restraints: Tricky Terms and Conditions

Challenges: Potential Crime Incidents
