

Local Photographer Gives Back to Newborn Parents, Frontline Healthcare Workers and 2020 Graduates.

Photographic Designs by Rachel Williams gives back with complimentary, no charge services to newborn parents, Frontline healthcare workers, and 2020 graduates.

TULSA, OKLAHOMA, UNITED STATES, April 13, 2020 /EINPresswire.com/ -- Ever since COVID-19 there has been an overwhelming amount of support for many Tulsa photographers and Rachel Williams with Photographic Designs is no different.

"THANK YOU FROM THE BOTTOM OF MY HEART!"

There is no doubt that this is a strange and nerve-racking time for everyone in so many ways. For small business owners, this territory is unprecedented, but many have faith that our system can rebound. The trick, Rachel states, is that relationship keeps clients, friends, mentors, supporters, and colleagues close by during these times.

As a person, a mother, a friend, a Tulsan, I am committed to giving back to the community that continues to support me.

With that said, I am offering the below services at no charge for anyone who would like to take advantage of the options.

I am also offering several new specials to keep business going during this downtime. If you are able to take advantage of one of these incredible offers, I truly Thank You!

See below for more information.

These are ways I would like to give back to my community. This is meant for anyone, not just my current or past clients.

NEWBORN PARENTS
FRONTLINE HEALTHCARE WORKERS
2020 HIGH SCHOOL & COLLEGE GRADUATES

NEWBORN PARENTS:

This time is scary and frustrating as newborn portraits are needing to be pushed out considerably past our normal recommendations. I'm offering a one-on-one video conference to show you some tips and tricks to capture some beautiful images at home during the early stages and work with you during the process. *Please note this is not meant to teach professional photography, but rather to utilize some skills and knowledge to capture the best you can with what you have at home*

If you would like, I am offering retouching and design services currently on personal images, as well as extremely discounted sessions for newborns, milestones, and family sessions for when this passes. *[Newborn photography](#) and first family images can be still created several weeks after birth with a studio session*

FRONTLINE HEALTHCARE WORKERS:

I have the utmost respect and appreciation for those working on the frontlines as Doctors, Nurses, EMTs, Firefighters, Police, and Hospital Staff. Many of us are so blessed to be able to spend our days with our families, hug them, and create memories.

For many of you, I know that you are having to distance yourself from your loved ones to keep them safe. When this passes and it is safe to schedule a session, I would love to offer a mini [family photography session](#) with a set of images at no charge to you as a Thank You and a small gift to do something special with your family.

2020 HIGH SCHOOL & COLLEGE GRADUATES:

I have a High School Senior this year. I understand the absolute disappointment you all are going through to have been cut short on your celebrations that you have worked so hard for. You deserve to be recognized and have a special memory from this time.
