/EINPresswire.com/ -- CA, USA, 14 April 2020 - Bedding & home linen company [Bedsure](#) now offers coziness, comfort, and support for the pet in your life with two new pet beds that cater to furry friends of all shapes and sizes.

The pet bed collection by Bedsure, which includes the [Orthopedic Pet Sofa Bed](#) and the Orthopedic Memory Foam Bed, relies on the same style, comfort, and expertise familiar to Bedsure's other bedding and linens, but designed specifically with your pet's comfort in mind.

Constructed from high-quality faux linen fabric that's gentle on dog fur and won't stain or absorb liquids, both bed styles offer a sleeping surface that's roomy enough for a pet to stretch out upon, but is still enveloping, soft, and secure for sleeping.

A Cozy Space for Canines & Cats

Bedsure's pet beds are designed for all different ages, sizes, and lifestyles of four-legged family members. The Pet Sofa Bed comfortably fits inside crates and cars for easy transport (and for catching some zzz's on long road trips) and is ideal for small, medium and large dogs or multiple cats willing to cozy up together. It features a thick sherpa-lined memory foam base ideal for soothing the aching joints of growing and playful puppies.

With two thick layers of memory foam support, the Orthopedic Memory Foam bed is designed for older or larger dogs up to 100 lbs. Comfort is key for older pets, and each layer of memory foam is there to gently cushion pressure points on senior dogs, arthritic dogs or large dogs who play hard. Both beds feature non-slip bottoms for the four-legged friend who likes to get a running start to bed and both feature a removable outer cover for easy washing.

Your pet deserves a place to unwind, relax, and to feel at home. For lots of pets, that's the family couch, so Bedsure designed the next best thing by using materials that are supportive, comforting, cozy, and most importantly, offers your pet a bed he'll be comfortable and safe in every night.
