

Washington US Navy Veterans Lung Cancer Advocate is Urging A Navy Veteran or Person with Lung Cancer in Washington Who Was Exposed to Asbestos to Call for Direct Access to the Lawyers at KVO-Get Better Compensation

SEATTLE, WASHINGTON, USA, May 29, 2020 /EINPresswire.com/ -- The Washington US Navy Veterans Lung Cancer Advocate says, "We are urging the family or friends of a Navy Veteran or person anywhere in Washington State with lung cancer to ask them to call us anytime at 800-714-0303 if they also had significant exposure to asbestos in the service or at work. The person we are trying to identify is over 60 years old and he probably is not aware the \$30 billion dollar-asbestos trust funds were set up for him too. Even if the person smoked cigarettes, they could still get compensated. Compensation for a person like this might exceed \$100,000.

"To get the financial compensation job done for a person like this we have endorsed the remarkable lawyers at the law firm of Karst von Oiste-KVO. The lawyers at the law firm of Karst von Oiste-KVO have been assisting

Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this.

For direct access to the lawyers at the law firm of Karst von Oiste-KVO please call 800-714-0303." www.karstvonoiste.com/

The Washington US Navy Veterans Lung Cancer Advocate is offering to assist a Navy Veteran or person with asbestos exposure lung cancer in Washington organize the how, where and when they were exposed to asbestos. They call this free service the 'list' and it is this vital information that becomes the foundation for a compensation claim as the would be happy to explain at 800-714-0303.

High-risk work groups for exposure to asbestos in Washington State include Veterans of the US Navy, hydroelectric power plant workers, shipyard workers in Bremerton, Seattle and Tacoma, nuclear power plant workers including workers at the Hanford Nuclear Site, hydroelectric workers, oil refinery workers, pulp and paper mill workers along Washington's Coast and Puget Sound, aerospace or commercial airplane factory workers, public utility workers, plumbers, electricians, auto mechanics,

machinists, millwrights, insulators, pipefitters, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoiste.com/

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor

has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact.”
