

Registration Opens for SMi's Inaugural Aseptic Processing Conference

SMi reports: Registration is now open for the Inaugural Aseptic Processing Conference, which will convene in London on 23rd and 24th September 2020.

LONDON, GREATER LONDON, UNITED KINGDOM, April 20, 2020 /EINPresswire.com/ -- SMi Group are proud to announce the [inaugural Aseptic Processing Conference](#) commencing in London, UK on the 23rd and 24th September 2020.

With advances in innovative therapeutic manufacturing such as ATMPs, pragmatic barrier system applications, adaptability and modularity in fill finish, robotics and automation, small and agile product manufacturing, this year's Aseptic Processing Conference will look into all areas of the subject. Delegates will have the opportunity to learn from leading industry figures and explore novel and developing technologies that tackle the most pressing challenges and push innovation in the world of [aseptic processing and sterile manufacturing](#).

Registration is available on the website and an [early bird saving of £600](#) will be applied to bookings made by 30th April 2020 visit www.asepticprocessing.co.uk/PR1

Key Highlights Include:

- Discuss the latest regulatory updates in the industry from leading regulatory bodies
- Listen to global case studies in aseptic competence from companies pioneering in the pharmaceutical industry
- Explore advances in ATMP facility design that are revolutionising aseptic manufacturing
- Delve into the newest contamination control technologies from VHP disinfection to fully automated pipelines

Key Speakers will include:

- Scott Nichols, Microbiologist, FDA
- Serena Ambrosini, Sterile Manufacturing Manager, AstraZeneca
- Jim Polarine, Senior Technical Service Manager, Steris Corporation
- Di Morris, Audit Manager CAG, GSK
- Stephen Yang, Director, Global Sterile Validation COE, Merck
- Kevin Jenkins, Consultant, Quality excellence Consulting

The banner features the SMi logo in the top right corner. The main text reads "SMi's Aseptic Processing Conference" in large white font on a black background, followed by "23 - 24 September 2020" and "London, UK". Below this is a photograph of laboratory equipment, including a rack of test tubes and a stack of petri dishes. A black box on the right side of the image contains the text "Exploring Aseptic Facility Design and Operation to Implement Agile Contamination Control Strategies". At the bottom, a black bar contains the website "www.asepticprocessing.co.uk" and the hashtag "#SMiAseptic".

There will also be a pre-conference workshop day on the 22nd April 2020, which will feature James Drinkwater, Head of Aseptic Processing and Containment Special Interest Group, PHSS and Kevin Jenkins, Consultant, Quality excellence Consulting leading the workshop on "Contamination control measures in Good Manufacturing Practice (GMP) applied to Aseptic processing".

The event brochure with the agenda and speaker line-up is available to download from the website; those interested in attending can register at: www.asepticprocessing.co.uk/PR1
