

Intelligent Virtual Assistant 2020 Global Market Net Worth US\$ 21,523.6 million Forecast By 2026

PUNE, INDIA, April 21, 2020

/EINPresswire.com/ --

A WiseGuyReports Announces New Market Study on –“ Intelligent Virtual Assistant 2020 Global Market Net Worth US\$ 21,523.6 million Forecast By 2026” To its Research Database.

[Intelligent Virtual Assistant Market 2020](#)

Summary: -

Intelligent Virtual Assistant market is anticipated to reach over USD 21,523.6 million by 2026. In 2017, the BFSI segment dominated the global market, in terms of revenue. North America is expected to be the leading contributor to the global market revenue during the forecast period.

The growing need to improve customer service, streamline enterprise communication, and increase productivity has boosted the adoption of intelligent virtual assistants. The rising penetration of mobile devices, and integration of virtual assistants with smart home appliances further support the growth of this market. Additionally, the increasing demand of intelligent virtual assistants from small and medium enterprises has supported market growth over the years. Increasing investments by vendors in technological advancements coupled with growing need to improve customer experience would accelerate the adoption of intelligent virtual assistants. However, lack of awareness is expected to hinder market growth. Growing demand from emerging economies is expected to provide numerous growth opportunities in the coming years.

Major Key Players Covered in Intelligent Virtual Assistant Market are:

The well-known companies profiled in the report include Apple Inc., Microsoft Corporation, Google, Nuance Communications, IBM Corporation, Oracle Corporation, [24]7.ai., Speaktoit Inc., CodeBaby Corporation, Next IT Corporation, Intel Corporation, and Clara Labs among others.
