NEW ORLEANS, LOUISIANA , USA, June 12, 2020

[/EINPresswire.com/](https://EINPresswire.com/) -- The Louisiana US Navy Veterans Mesothelioma Advocate says, "If a Navy Veteran or person in Louisiana has just been diagnosed with mesothelioma it is likely they were initially diagnosed with the pneumonia or the Coronavirus. Because pneumonia happens frequently in the Coronavirus and mesothelioma-we fear at least in Louisiana many Navy Veterans who had mesothelioma-never received a proper diagnosis. If you have just been diagnosed with mesothelioma in Louisiana or this is your family member-please call 800-714-0303 for direct access to attorney Erik Karst of the law firm of Karst von Oiste. Erik Karst is one of the nation's leading mesothelioma lawyers and he will be able to provide a Navy Veteran with mesothelioma with an explanation of how the compensation process for this rare cancer works-and how to expedite compensation.

"Attorney Erik Karst and his colleagues at the law firm of Karst von Oiste have been assisting Navy Veterans and people with mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this. Because there has been a delay in many Navy Veterans or people getting properly diagnosed with mesothelioma in 2020-because of the Coronavirus it is vital a Navy Veteran with confirmed mesothelioma or their family not roll

the dice on compensation by wasting time on 'free' booklets, or lawyer call centers that have nothing to do with the navy or the VA. We are urging a Navy Veteran with mesothelioma in Louisiana or their family to call 800-714-0303 for direct access to attorney Erik Karst of Karst von Oiste-you will be glad you did."
