

# New Hampshire US Navy Veterans Lung Cancer Advocate Appeals to a Navy Veteran with Lung Cancer Statewide Who Had Exposure to Asbestos to Call the Lawyers at Karst von Oiste About Possibly Significant Compensation

MANCHESTER , NEW HAMPSHIRE, USA, June 10, 2020 /EINPresswire.com/ --

The New Hampshire US Navy Veterans Lung Cancer Advocate is appealing to a Navy Veteran who now has lung cancer and who also had heavy to extreme exposure to asbestos while in the navy decades ago to call 800-714-0303 to talk to the amazing lawyers at the law firm of Karst von Oiste-to discuss compensation. What most Navy Veterans or people with lung cancer do not realize is if they had significant exposure to asbestos in the navy or at work, they could qualify for what might be significant financial compensation that might exceed \$100,000. Even if the Navy Veteran or person smoked cigarettes they might still qualify for compensation. The typical person they are trying to identify is over 60 years old.

The Advocate says, "Almost no Navy Veterans or people who had extreme exposure to asbestos prior to 1982 and now have lung

cancer ever get compensated-even if most could or should. If you are a Navy Veteran or person in New Hampshire with lung cancer and you were exposed to asbestos prior to 1982 please call for direct access to the amazing lawyers at the law firm of Karst von Oiste. The lawyers at the law firm of Karst von Oiste have been assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in compensation for people like this. The lawyers at the law firm do not charge their services unless there has been a settlement. For direct access to the lawyers at the law firm of Karst von Oiste please call 800-714-0303. What do you have to lose?" [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

The New Hampshire US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Manchester, Nashua, Concord, Dover, Rochester, Keene, Derry, Portsmouth or anywhere in New Hampshire. <https://NewHampshire.USNavyLungCancer.Com>

High risk occupations for asbestos exposure in New Hampshire include the US Navy, shipyard workers, manufacturing workers, electricians, welders, plumbers, machinists, mechanics, power plant workers, paper mill workers, auto/truck brake technicians and construction workers. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

<https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware.

However, asbestos exposure lung cancer can happen in any state including California, New York, Texas, Florida, Massachusetts, Connecticut, Pennsylvania, New Jersey, Illinois, Wisconsin, Minnesota, Nebraska, New Mexico, North Dakota, Wyoming, Utah, Montana, Idaho, Arizona, Washington, Oregon or Alaska.
