

Vision Credit Union Expands Remote Account Opening Capabilities Across Alberta

Alberta's third-largest credit union deploys online account opening from thirdstream. Consumers can open accounts anywhere in Alberta at www.visioncu.ca.

LETHBRIDGE, ALBERTA, CANADA, May 15, 2020 /EINPresswire.com/ -- Vision Credit Union has expanded its relationship with thirdstream by deploying [online retail account opening](#). As [Alberta's third-largest credit union](#), this initiative builds on the successful streamlining of their in-branch account opening processes executed with thirdstream in 2017.

Online account opening helps prospective members open accounts remotely, from initial application to real-time funding, without ever having to interact with staff at the financial institution. Vision leverages the power of [thirdstream's identity verification ecosystem](#) to approve applications with speed and confidence, typically in under five minutes.

"This comes at a key time for Vision Credit Union, as we expand our focus, especially seeking to serve rural and entrepreneurial Albertans," said Pauline Marcinkowski, Vision's VP Banking Operations. "It comes at a time when we are actively encouraging reduced traffic in our branches. thirdstream's solutions help people join our credit union from their current locations, never having to leave the comfort and safety of their own homes."

thirdstream and Vision have enjoyed a long-standing relationship. thirdstream's cloud-based online account opening solution set delivers a proven user experience previously deployed to the credit union's branches.

"We have worked hard to maintain a deep relationship with Vision, as we do with all our clients, and it has produced results for the credit union and for thirdstream," said Keith Ginter, thirdstream's CEO. "The team at Vision has been helping our product management leadership shape direction and opportunity for many years. That collaboration has helped us build a dynamic ecosystem and a solid client foundation resulting in unprecedented growth."
