Hufcor, Inc. is a global company, headquartered in Janesville, Wisconsin combining the strength of engineering and design to drive creative innovation in flexible space solutions. At Hufcor, we are focused on quality, durability, aesthetics, versatility, and acoustics of our movable wall systems. Founded in 1900, Hufcor has been leading the industry from opaque operable walls to the future of acoustical glass wall solutions. Our history for quality products and service continues to be the foundation for exceeding customer needs and creating the ability to manage space for improved and reusable environments. We strive to remain partners with all customers, offering peace of mind from design and construction to facility management services.
