# MCO and Governor Software Announce Strategic Partnership

*Complementary technologies address today's regulatory challenges*

NY, NY, US, May 5, 2020 /EINPresswire.com/ -- MCO (MyComplianceOffice) announced today a strategic partnership with Governor Software Ltd. to unite the dynamic data collection and workflow capabilities of MCO's flagship product, MyComplianceOffice, with the visual mapping of global regulations to compliance governance available in Governor Software.

Conduct Risk Technology

The collaboration was created in response to the growing pressure on the Compliance function to improve both effectiveness and efficiencies. It will enable firms to map, track, execute and report on compliance obligations, transforming how financial services firms meet regulatory expectations worldwide.

"The global agreement with MCO allows Governor Software to combine its industry leading track record of innovation in compliance oversight with MCO's expertise, insight and unparalleled understanding of the regulatory environment within the securities industry." stated Richard Pike, CEO and Founder of Governor Software. "Ongoing go-to-market efforts gives Governor access to the MCO global sales and support infrastructure and provides MCO 400+ global clients with leading edge regulatory mapping tools."

Brian Fahey, CEO, MCO said, "The MyComplianceOffice platform ensures that Compliance can continuously execute and monitor their policies and procedures. With the addition of Governor Software, mapping polices to obligations and regulations, allows firms to significantly enhance their compliance governance practices in an end-to-end solution." Fahey added "The goal is to increase compliance throughput and reduce wasted effort and resources. Our joint efforts will help firms worldwide take full control of compliance, in an affordable and efficient manner."
