

Global Water Purifiers Market To Reach Value Of About \$36 Billion In 2020

The Business Research Company's Latest Report On Water Purifiers Market Global Report 2020-30: Covid 19 Growth And Change

LONDON, GREATER LONDON, UK, May 6, 2020 /EINPresswire.com/ -- The global water purifiers market is expected to grow from \$35.05 billion in 2019 and to \$35.72 billion in 2020 at a growth rate of 1.90%. The slow growth in 2020 is mainly due to the economic slowdown across countries owing to the COVID-19 outbreak and the measures to contain it. The market is then expected to grow and reach \$46.27 billion in 2023 at rate of 9.01%. The scarcity of safe water is expected to boost the demand for water purifiers over the forthcoming years. However, high maintenance and equipment costs are expected to hinder the growth of the water purifier market during the period.

Water purifiers are the devices used to purify water from biological contaminants, toxins, harmful chemicals & gases, and others impurities such as solid particles so that it can be safe for drinking. They also decrease the level of hazardous pollutants in the water, making it suitable for the industries to release into the water bodies.

Trends In The Water Purifiers Market

The increased usage of internet of things (IoT) technology-enabled water purifiers is an emerging trend in the water purifiers market. In water purifiers, the Internet of Things is used to give information on the water quality, life of the filters, total dissolved solids levels, and service support.

Water Purifiers Global Market Report 2020 is one of a series of new reports from The Business Research Company that provides water purifiers market overviews, analyzes and forecasts water purifiers market size and growth for the global water purifiers market, water purifiers market share, water purifiers market players, water purifiers market size, water purifiers market segments and geographies, water purifiers market trends, water purifiers market drivers and water purifiers market restraints, water purifiers market's leading competitors' revenues, profiles and market shares. The water purifiers market report identifies top countries and segments for opportunities and strategies based on market trends and leading competitors' approaches.

Where To Learn More

Read Water Purifiers Global Market Report 2020 from The Business Research Company for information on the following:

Markets Covered: Global Water Purifiers Market

Data Segmentations: Water Purifiers Market Size, Global And By Country; Historic And Forecast Size, And Growth Rates For The World, 7 Regions And 12 Countries

Water Purifiers Market Organizations Covered: Xiaomi, Livpure, LG Electronics, Unilever N.V, Panasonic Corporation, Kinetico Inc, Aquatech International LLC, GE Appliances, A.O. Smith Corporation, Whirlpool Corporation

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa

Time Series: Five years historic (2015-19) and forecast (2019-23)

Other Information And Analyses: PESTEL analysis, water purifiers market customer information, water purifiers market product/service analysis – product examples, water purifiers market trends and opportunities, drivers and restraints, key mergers and acquisitions, key metrics covered: number of enterprises, number of employees, global water purifiers market in 2020 - countries offering most new opportunities

Sourcing and Referencing: Data and analysis throughout the report are sourced using end notes.

Strategies For Participants In The Water Purifiers Industry: The report explains a number of strategies for companies in the water purifiers market, based on industry trends and company analysis.

Opportunities For Companies In The Water Purifiers Sector: The report reveals where the global water purifiers industry will put on most \$ sales up to 2023.
