

Just 4 Weeks to Go Until Future Armoured Vehicles Weapon Systems 2020

Smi reports: There are just 4 weeks left to go until Future Armoured Vehicles Weapon Systems 2020 takes place as a virtual conference

LONDON, UNITED KINGDOM, May 6, 2020 /EINPresswire.com/ -- There are just 4 weeks left to go until [Future Armoured Vehicles Weapon Systems 2020](http://www.fav-ws.com) will convene online to explore the next generation of fire superiority for armoured vehicles.

As cooperation between industry solution providers and military end users remains paramount for delivering the firepower required for success on the battlefield, this virtual conference will fulfil the need for an event that brings together technical managers and project engineers from both military and industry.

With limited time remaining, interested parties are urged to register for the conference soon at: <http://www.fav-ws.com/EINpr6>

This conference will enable delegates to:

- Explore the latest developments in the market from the comfort of your own home
- Listen to technical briefings from industry experts Lockheed Martin and BAE Systems
- Gain an international perspective with high-level briefings from the British Army, US Army, Israeli Defence Forces and the Bundeswehr

Agenda Highlights for 2020:

- "Evolution or Revolution: The Future of Battlefield Lethality"
Presented by Mike Dalzell, Future Concepts Lead, Lockheed Martin and David Meyer, Head of Business Development, Lockheed Martin
- "Highlighting the Benefits of Upgraded Armoured Capabilities for Allied Cavalry Elements Operating in Europe"
Presented by Brigadier Matthew J. Van Wageningen, DCOS Ops, HQ ARRC, US Army
- "CTAI 40mm - Armoured Trials and Developments Unit"

The banner features the SMI logo in the top right corner with the tagline 'LINKING BUSINESS to the INFORMATION'. The main text reads 'FUTURE ARMOURED VEHICLES WEAPON SYSTEMS' in large, bold, white letters, with '3rd - 4th June 2020 | London, UK' below it. The background is a photograph of a modern armoured tank in a desert environment. At the bottom, the website 'www.fav-ws.com' is displayed in white on a black background, followed by the text 'Future Armoured Vehicles Weapon Systems Conference 2020'.

Presented by Lieutenant Colonel Robert Page, Commanding Officer, Armoured Trials and Development Unit, British Army and WO2 John McAllister, Live Fire and Planning, Armoured Trials and Development Unit, British Army

- "Enhancing UK Armoured Vehicle Lethality: A Science and Technology Perspective"

Presented by Lieutenant Colonel Simon Routledge, SO1 Land Systems, Defence Science and Technology Laboratory (Dstl)

- "Enhancing Fighting Capabilities: Optics/Optoelectronics For Combat Vehicles"

Presented by Mr Sebastian Strecker, Branch Chief, Branch 520 - Optics/Optoelectronics, Laser Technology, Battlefield Reconnaissance, Technical Center for Weapons and Ammunition (WTD 91), Bundeswehr

- "RTR Developments For Urban Conflict: CR2 Streetfighter"

Presented by Captain Tom Quant, Regimental Intelligence Officer and Project Streetfighter Lead, Royal Tank Regiment, British Army

- "The British Army's Strike Concept and the Role of Armour in Modern Warfare"

Presented by WO2 Paul Barnes, SO3 Media Ops, British Army

- "Vetronics and Weapon Systems: A View To Future Concepts and Developments"

Presented by Professor Merfyn Lloyd, Lately Science Advisor, DE&S (Retired), DE&S, UK MoD

- "Training Simulation For IFV/MBT Weapons Systems"

Presented by Lieutenant Colonel (ret'd) Jonny Ormerod, Former SO1, Simulation - Training Branch Field Army, British Army
