Covid-19 Impact on Global Digital Language Learning Market Size, Status and Forecast 2020-2026

WiseGuyReports.com adds "Global Digital Language Learning Market Research Report 2020 Analysis and Forecast 2026" reports to its database.

PUNE, MAHARASTRA, INDIA, May 8, 2020 /EINPresswire.com/ -- Digital Language Learning Market:

Executive Summary

Global Digital Language Learning Market is valued approximately at USD 6.9 billion in 2019 and is anticipated to grow with a healthy growth rate of more than 13.4% over the forecast period 2020-2026. Digital Learning is reshaping education in unprecedented ways. The education sector is transforming exponentially on the back of various initiatives undertaken by governments and private organizations to deliver digitally enhanced performance. The digital language learning will provide different languages and one can learn any language at any time through digital based platform. The increased adoption of English as a language for business communications across the globe as well as growing popularity of digital learning

Digital Language Learning

across various sectors are the few factors responsible for growth of the market over the forecast period. Furthermore, the rising advancements and introduction of products and service and other strategic alliance by market key player will create a lucrative demand for this market. For instance: as per Company's news release in March 2020, Babbel has started providing free services to all K-12 and college students in Italy, U.K., Germany, Spain and France due to Covid-19. The service currently offers courses for Spanish, French, German, Italian, Portuguese, Polish, Russian, Dutch, Turkish, Danish, Norwegian, Swedish, Indonesian and English until the end of COVID-19 pandemic. However, high risk of piracy with offline content and data security with online content is the major factor restraining the growth of global Digital Language Learning market during the forecast period.
