Commercial vehicle leasing refers to the operating mode in which the lease operator delivers the leased car (including trucks and passenger cars) to the lessee within the agreed time and does not provide driving services. The essence of car leasing is a business behavior that obtains income from the right to use a taxi on the basis of separating the property rights from the right to use the car. The object of the lease includes, in addition to the physical car, a guarantee that the vehicle is on the road normally and legally All procedures and associated values for driving. Different from general car rental business, during the lease period, the lessee assumes responsibility for driving by himself.
