

Braces in Exton are High-Quality, Low-Priced from Exeter Orthodontics

Braces in Exton are available for only \$3,995. There are no hidden fees and payment plans are available.

EXTON, PA, UNITED STATES, May 26, 2020 /EINPresswire.com/ -- [Braces in Exton](#) are high-quality and low-priced. Exeter Orthodontics offers both braces and Invisalign for only \$3,995. This all-inclusive price covers x-rays, retainers, repairs, adjustments, and even emergency visits.

Traditional braces remain a popular option because of their high success rate. New technology has made them more comfortable and less noticeable.

Invisalign aligners are also a popular option among adult patients because of their comfort and convenience. Invisalign can be removed as needed but must be worn regularly to be successful.

"Depending on the patient and their needs, traditional braces may work better, or Invisalign may be the preferred option," explains Dr. Soraya Mills, [orthodontist in Exton](#). "We'll walk patients through each option and help them decide which is best for their health and smile."

To learn more about braces and [Invisalign in Exton](#), request an appointment with Exeter Orthodontics by visiting <https://exeterorthodontics.com/request-appointment/>. Offices are also located in Allentown, Easton, Reading, and Harrisburg. New patients are being accepted.
