

SystemDomain, Chicago based IT Company, Announces Partnership with PlainID, leader in Authorization Management

SystemDomain, Chicago based IT Company, announce a Services Partnership with PlainID to provide the Professional Services for authorization management.

CHICAGO, IL, USA, May 20, 2020

[/Einpresswire.com/](https://www.einpresswire.com/) -- [SystemDomain](https://www.systemdomain.com/),

Inc, a Chicago based leading global information technology and consulting

services company and PlainID, a recognized leader of Policy-Based Access Control (PBAC), today announced a services partnership agreement.

The partnership between SystemDomain and PlainID aligns to SystemDomain's overall growth strategy to augment the leading product lines in the IAM space and professional services in Cloud and Cybersecurity. This partnership will bring PlainID's innovative technology in authorization for SystemDomain's clients. PlainID offers unique Policy Based Access Control to streamline, optimize and real time usage of access control for enterprise applications.

"This collaboration highlights our strong and growing relationship with PlainID." said Shubhi Garg, CEO, SystemDomain, Inc. "We will create a Center of Excellence with a dedicated focus on PlainID's enterprise grade products to provide broad capabilities and solutions for a superior customer experience in Authorization Management for Identity and Access Management practices. This will also create a strong and differentiating edge to our existing IT professional Services portfolio in Project Management and Identity Solution Assessments."

"We're excited to be working with SystemDomain, who we see as a strong partner with critical strengths in the IAM strategy and implementation arena," said Oren Ohayon Harel, CEO and Co-Founder of PlainID. He continued, "As demand for the PlainID Policy Manager and our PBAC solutions expand, it's relationships like this that allow customers to implement the full benefits of transformative PBAC programs."
