

Maine Mesothelioma Victims Center Urges a Navy Veteran with Confirmed Mesothelioma in Maine or their Family to call for Direct Access to Attorney Erik Karst of Karst von Oiste-Get the Best Compensation Results

BANGOR, MAINE, USA, June 29, 2020 /EINPresswire.com/ -- The Maine Mesothelioma Victims Center says, "We are urging a Navy Veteran with recently diagnosed mesothelioma to please call 800-714-0303 for direct access to attorney Erik Karst of the law firm of Karst von Oiste. Erik is one of the nation's leading mesothelioma attorneys and he will help you get the best possible compensation results for your ordeal. A lot of people have put off mesothelioma compensation in 2020 because of the Coronavirus-and we do not want you to be one of them. Mesothelioma compensation for Navy Veterans and or shipyard workers frequently exceeds a million dollars. Maine has both Navy Veterans and shipyard workers.

“

"We are urging a Navy Veteran with recently diagnosed mesothelioma in Maine to please call 800-714-0303 for direct access to attorney Erik Karst of the law firm of Karst von Oiste."

Maine Mesothelioma Victims Center

"The reason we have endorsed the law firm of Karst von Oiste is because they have been assisting Navy Veterans and people with mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this. Rather than talking to a local car accident attorney about something they might not know much about please call 800-714-0303 for direct access to attorney Erik Karst. We care certain you will be glad you did." www.karstvonoise.com/

The Maine Mesothelioma Victims Center would like to emphasize theirs is a statewide initiative available to a diagnosed victim anywhere in Maine including communities such as Bangor, Lewiston, Portland, Brunswick, Saco, Sullivan, Milltown, Bath, or Biddeford.

For the best possible treatment options in Maine the Maine Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital.

* The Maine Medical Cancer Institute:
<https://www.mmc.org/cancer-institute>

High-risk work groups for exposure to asbestos in Maine include Veterans of the US Navy, power plant workers, shipyard workers, public utility workers, mill workers, factory workers, plumbers, electricians, auto mechanics, welders, millwrights, steamfitters, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. <https://Maine.MesotheliomaVictimsCenter.Com>

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer: <https://www.cancer.gov/types/mesothelioma>.
