iQSTEL, Inc. ( \$IQST) Secures China Mobile (\$CHL) Network Interconnection Partnership Through QGlobal SMS

(Investorideas.com Newswire)- Breaking Tech /Telecom Stock News - iQSTEL Inc. (OTC: IQST) is pleased to announce QGlobal SMS has secured a partnership deal with China Mobile (NYSE: CHL) to facilitate the business exchange between iQSTEL and China Mobile.

iQSTEL's product portfolio continues to grow with VoIP, SMS, 5G, blockchain-based platforms and Internet of Things (IoT). In addition, our carrier network interconnect deals continue to expand globally and now are set to include Asia through our new partnership with China Mobile.

China Mobile is the world largest mobile telecommunications company by subscriber numbers at almost 1 Billion, covering China and Hong Kong as well as Pakistan and some services targeted at Chinese citizens in the UK. A natural progression for China Mobile's expansion as the Latin American region now houses over four million Asian Latin Americans.

Mr. Iglesias, the Company's CEO, commented "Being selected to partner with China Mobile as part of their Latin American market expansion validates our business model and could only be achieved through the hard work of corporate management and our team of dedicated employees, consultants and partners. This is a great milestone for all of us at iQSTEL."

"In addition, this new partnership opens the doors for iQSTEL to explore offering our extensive product and service lines to their 1 Billion subscribers, including our End User Mobile Number Portability blockchain-based application, and our IoT applications. China is the leader in 5G deployment, anticipating coverage to include over 300,000 cities by the end of the year. We look

forward to including some of their rapid deployment protocols throughout our networks." Mr. Iglesias continued.
