

SERVPRO Launches Certified: SERVPRO Cleaned Program to Aid Pembroke Pines/West Miramar Businesses as the Economy Reopens

SERVPRO of Pembroke Pines/West Miramar has launched a specialized cleaning program which will ensure the cleanliness of Florida's businesses and public areas.

PEMBROKE PINES, FLORIDA, UNITED STATES, May 20, 2020 /EINPresswire.com/ -- In an initiative to help businesses reopen safely in these unprecedented times, SERVPRO of Pembroke Pines/West Miramar has launched the Certified: SERVPRO Cleaned program, which involves a CDC-approved cleaning and disinfecting regiment targeted at proactively eliminating viral pathogens linked to the COVID-19 pandemic.

Lockdown restrictions have eased this month in an effort to reopen the economy, allowing many businesses to open their doors to the public. Operating safely in these unprecedented times, however, poses unique challenges. New measures, such as extensive cleaning and disinfecting procedures, are clearly necessary to ensure the community's safety. As a means to meet those challenges, SERVPRO of Pembroke Pines and West Miramar is making the Certified: SERVPRO Cleaned (CSC) program available to local Florida businesses in and around the Pembroke Pines and West Miramar areas.

With a strict observance of industry and CDC standards, SERVPRO's CSC program utilizes EPA-approved products to execute a detailed cleaning and disinfecting regiment. The technique centers on viral pathogen cleaning—an exhaustive sanitization servicing that extends far beyond standard janitorial or carpet cleaning practices.

In making the CSC program available to Florida businesses, SERVPRO of Pembroke Pines/West Miramar also hopes to inspire consumer confidence, support the local economy, and keep Florida employees and consumers safe during the pandemic.

SERVPRO of Pembroke Pines/West Miramar is currently offering the CSC program to local businesses on both a one-time and recurring basis. Its ultimate goal is protecting Pembroke Pines/ West Miramar businesses and residents as the economy reopens and rebuilds.
