

# Utah US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran or Person in Utah with Lung Cancer Who Also Had Asbestos Exposure Decades Ago to Call the Lawyers at Karst von Oiste About Significant Compensation

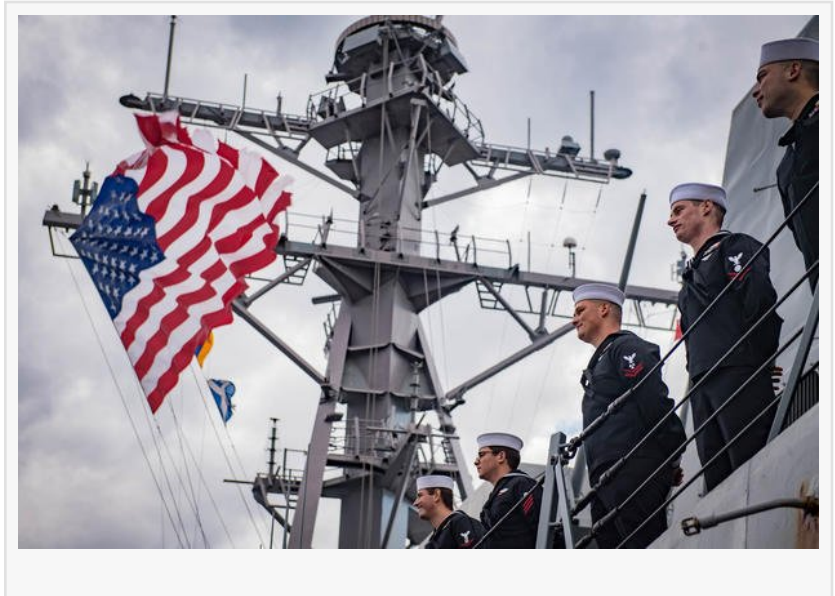

SALT LAKE CITY, UTAH, USA, July 8, 2020 /EINPresswire.com/ -- The Utah US Navy Veterans Lung Cancer Advocate is urging a Navy Veteran or person with lung cancer anywhere in Utah to call the lawyers at the law firm of Karst von Oiste anytime at 800-714-0303 if they also had significant exposure to asbestos prior to 1982. Compensation for a person like this could exceed \$100,000 even if the person smoked cigarettes. If the Navy Veteran spent his career in the navy the compensation might be a lot more than \$100,000-if he had extreme exposure to asbestos. The typical person the Advocate is attempting to identify is over 60 years old-and it does not matter if they smoked cigarettes.

The lawyers at the law firm of Karst von Oiste have been assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this. "We know because of the Coronavirus many Navy Veterans with lung cancer caused by asbestos exposure are not pursuing compensation-but they should. The lawyers at the law firm of Karst von Oiste will try to make it as easy as possible on a person like this and their family. Please call them at 800-714-0303 to see what your potential compensation might be." [www.karstvoniste.com](http://www.karstvoniste.com)

The Utah US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Salt Lake City, Provo, West Jordan, Sandy Hills, Ogden, Saint George or anywhere in Utah.

High-risk work groups for exposure to asbestos in Utah include US Navy Veterans, a civilian employee at Hill Air Force Base, a worker at one of Utah's dozen+ power plants, oil refinery workers, public utility workers, plumbers, electricians, auto mechanics, welders, insulators, machinists, or construction workers. In most instances, a diagnosed person with mesothelioma was exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's. [www.karstvonoiste.com](http://www.karstvonoiste.com)

"The Advocate is urging a Navy Veteran or person with lung cancer in Utah to call the lawyers at the law firm of Karst von Oiste at 800-714-0303 if they also had significant exposure to asbestos."

*Utah US Navy Veterans Lung Cancer Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)
