What is the EWB award?

The EWB Award is a recognition of a person or an organization that represents the Entrepreneurs Without Borders foundation core values of sustainable entrepreneurship. Every year has a new theme that is both the topic of the [EWB Summit](#) and the [EWB Award](#).

Last year, 2019, we hosted our inaugural EWB Summit & EWB Award with international speakers during the Summit at Erik Penser Bank and a grand finale in the evening at the awards gala at Norrsken House.

The theme of 2020 - Digitalization

Thinking digital is not an option anymore, it is an obligation. But just by adding a digital layer to your business doesn't mean you automatically become more sustainable. Aligning business

objectives to address a global challenge by utilizing digital infrastructure is what gives an entrepreneur true leverage over competitors.

This year's winner of the EWB Award will be the one(s) that best have utilized digitalization to create and grow sustainable business, and that can act as a role model for the world as it strives to re-think itself into a more digital version.

What is EWB?

We help early stage founders start and grow sustainable businesses. We believe all business should be equal, socially responsible and aligned with the UN 17 Global Development Goals.

To achieve this, we have developed our Virtual Campus, an online pre-incubator program aimed to fill the gap between launch and growth.

Further details of the event and list of speakers will be determined and announced shortly.
