

Global Home Healthcare Market Size & Trends Will Grow to USD 454.34 Billion by 2026: Facts & Factors

Global Home Healthcare market is expected to grow at a CAGR of 7.10% and is anticipated to reach around USD 454.34 Billion by 2026.

NEW YORK, UNITED STATES, May 26, 2020 /EINPresswire.com/ -- Findings from Facts and Factors report "[Home Healthcare Market](#) By Product (Diagnostics and Monitoring Home Devices, Therapeutics Home Healthcare Devices, Home Mobility Assist Devices, and Medical Supplies), By Services (Rehabilitation Services, Telehealth and Telemedicine Services, Infusion Therapy Services, Respiratory Therapy Services, and Unskilled Home Healthcare Services), By Software (Clinic

Management Systems, Agency Management Software, and Hospice Solutions), and By Region: Global Industry Outlook, Market Size, Business Intelligence, Consumer Preferences, Statistical Surveys, Comprehensive Analysis, Historical Developments, Current Trends, and Forecasts, 2020–2026" states that the global Home Healthcare market in 2019 was approximately USD 281.10 Billion. The market is expected to grow at a CAGR of 7.10% and is anticipated to reach around USD 454.34 Billion by 2026.

The growing geriatric population has increased the prevalence of chronic diseases such as Alzheimer's, dementia, and orthopedic conditions, thereby increasing the demand for the Home Healthcare market. In addition to this, the rising demand for value-based healthcare is expected to further fuel the growth of the market during the forecast period. Furthermore, the growing demand for more healthcare services and healthcare workers & agencies is anticipated to drive market growth. The Home Healthcare market is set to grow significantly owing to the rising demand for home health and personal healthcare aides in the developed and developing countries. The complete or partial in-home service coverage by the government further helps augment the market growth. The demand for improved patient outcomes at a low cost is likely to propel the Home Healthcare market growth.
