The Advocate says, "Because of the Coronavirus we think it is very possible that people with mesothelioma will get misdiagnosed with COVID-19. Mesothelioma and the Coronavirus have similar symptoms such as pneumonia, shortness of breath and high fever. If a person with mesothelioma gets misdiagnosed with the Coronavirus, they

will not receive any compensation. If your Navy Veteran husband or dad is in a hospital anywhere in Nebraska with suspected Coronavirus and you know he had significant exposure to asbestos, please tell his doctor's about his asbestos exposure.
