

New "Amber Laces" Edgy Yet Soft Summer Collection for Bold Women

LATVIA, May 30, 2020 /EINPresswire.com/ -- "Amber Laces" is proud to introduce the new line of Baltic amber jewelry for bold and brave women.

The new line is expected to create buzz as it is "Amber Laces" first line with summer vibe that coordinate with this year's trends.

Whether you are looking for the jewelry you can wear effortlessly every day, which does not limit your daily routines, or simply give a luxurious gift to a loved one, "Amber Laces" has you covered. Getting back to traditional material, "Amber Laces" look for new ways to express jewelry with forms and textures.

"The Honung Collection" combines Baltic amber statement necklaces, real vintage amber brooches, statement amber earrings with gold, and delicate necklaces in gold and silver. The collection is inspired by a honey color, power, and variations. The "honung" translation from Swedish is "honey".

"The English word "honey" seemed too soft for this collection, so the word in Swedish was chosen to create a more edgy feel. Our customers love the uniqueness and the originality of our designs," says Aya. "We create original and mind-breaking designs to navigate from the developments around us."
