Overall, the Company incurred a net loss during the Quarter of \$58,918 compared to a loss of \$176,551 for the same quarter of the last fiscal year, a decrease of \$117,633 due largely to a one-off, non-cash share-based payment expense on issue of incentive stock options during the same quarter the previous fiscal year. The Company incurred costs related to regulatory compliance, shareholder services, and similar regulatory related filing and other fees were \$12,557 during the Quarter compared to \$ nil during the same quarter of the previous fiscal year. The changes between the current Quarter and previous fiscal quarter are attributable largely to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

The costs of management and employee salaries incurred by the Company during the Quarter were \$29,920 compared to \$47,188 incurred during the same quarter of the previous fiscal year due to a reduction in personnel. Fees and costs of accounting, audit, legal, and similar professional services incurred by the Company during the Quarter amounted to \$3,315 compared to \$6,077 during the same quarter of the previous fiscal year due to reduced use of professional services.

During the Quarter the Company issued two promissory notes to unrelated arms-length parties for an aggregate principal amount of \$150,000 in respect of working capital loans to the Company. No fees related to the loans were paid. The notes bear non-compounding simple interest at a rate of six (6%) per year, become due and payable on 1 July 2021, may be repaid

together with all accumulated interest thereon, at the election of the holders, in cash or in the form of the Company's common shares valued at the volume weighted average trading price during the twenty business days preceding the maturity date or as a participation at the same terms of any private placement closed by the Company prior to the maturity date.
